#### Naturalized Chinamon [Stockton Herald.]

The San Francisco Call and the Cin-nati Enquirer are both wrong in re-et to the date of the naturalization the first Chicaman. The Inquirer sime that the honor of being the first minaman to be received into citizenis Mr. Jo Sing who was admitted a citizen two years ago. A month to a citizen of Malden, a suburb of saton, by the name of Charles Ah howe, made a visit to this city, and now on his way to China. He is a is now on his way to China. He is a Chinaman, and was naturalized in Boston in 1850. He bore letters from the mayor of Boston and from Secretary Exarts, as well as from other prominent men in the East. He reported that there were six naturalized Chinamen in Boston. If a complete record could be compiled of all the Chinamen whe have become American it is highly probable that it would be found that ne objection to admitting them into citizenship was made until a comparatively recent period.

On Wednesday morning last as Walter Klatt, eightlyears of age, was going to school he found a small satchel on Howard street, near Twentieth, which centained a very large amount of meney in greenbacks. He carried the prize to his teacher, who, on examining the contents, found some cards which led her to believe that the owner resided at 1031 Valencia street.

The finder was at once sent to that der was at once sent to that house with the treasure. The occu pants of the house received the satchel The occupants of the house received the satching said it was all right, returned many thanks to the boy for his honesty and gave him ten cents for his trouble. On his way back to the school a larger boy took the ten cents from him, and so his dream of a ten-cent Christmas toy as a reward for his honesty van-ished into thin air.

Analyst:

This is a pure barley and wheat spirit, remarkable in fragrant ethers, which impart a delicate arorus, at the same time greatly in creasing its value as a diffusive stimulant. The solid residue contains a large amount of tannin, derived from storing in oak casks, which imparts to fine old valuely one of its valuable individual qualities. The amount of the residue proves the whis ky to be free from the excessive coloring and sweetening so generally used in adulterating. In fact, in two words, it is the PUREST WHISKY, and will not only supply a public want, now that whiskies are so generally adulterated, but will be of the greatest value to the physician in those numerous cases where pure whiskies are the most useful of all medicine.

We are beginning to hope that the ideashortly will be tried. Luckily, there is not another town on the Pacific coast, of which we have any knowledge, where the citizens are so pleasantly free from the serious consequences that during your marital experience of the Presence of the Chinese as Eureka you never dreamed of what the medippears to be. Much as we should e to have those fifteen hundred be quite respectable, numerically, without them.

### CURIOUS OBJECTIONS

The Battle Mountain Messenger ob jects to the GAZETTE's plan of taking a popular vote on the question of Chinese immigration. The Messenger, with a readiness of stupidity that is all its own, is in favor of petition on the subject. This, it says, would be "a more speedy and cheaper method would take a whole day to get the vote of the three states, the superiority of the lightning plan of hawking around petitions for signatures is obvieus. "The great difficulty is that the voters in the three states named, bear too small a proportion to the whole number of states, who seem committed to the policy of encouraging commercial relations with the Western Empire, it is only by a co-operation that a remedy can be secured by legislation."

If the Messenger's clear-headed editor had taken the trouble to spell through the Gazerre any day during the past two weeks, he would have learned that it is just to secure the co-operation of the voters of the Eestern states that the proposed vote should be taken. And it isn't any such tremendous reason as a "policy of encouraging commercial relations with the Western Empire," that moves the average voter of the East to refrain from giving the Pacific coast the assistance of his ballet. It is just pure ignorance of the situation here—

"The truth, so help me God. I will swear before my Maker that she was moman. But I can't tell what induced this concealment of her sex. I can't understand how she came to die. There is something beyond my wife's grave that must be settled at some time, and there will be a time when the mystery will be cleared up. It may not be in your lifetime, or mine, but I tell you, sir, the woman has been strangely wronged, and were I in a position to clear the thing up, I would defy the woman to prove that she was not a woman.

Such earnestness in facing the grave is entitled to weight. While Noonan spoke the shadow of death was in his eyes. There was semething which awed the reporter.

#### EDITORIAL NOTES

The editor of the GAZETTE is wented on the Detroit Free Press. The field in Nevada is altegether teo limited for a man of his calibro.—Austin Reveille.

The editor of the GAZETTE has sent a short-bit to Austin that his health may be remembered. Nevada is a pretty good place, however, and he has become positively bored by the daily receipt of letters from Eastern publishers offering him such vast sums to come on that he sometimes suspects that they mistake bim for Stewart's remains.

The following newspapers have already approved of the GAZETTE's plan of convincing the people of the East that all classes upon the Pacific coast are opposed to further Chinese immi-gration: Gold Hill News, Virginia Let a few active men in each precinct ing of the GAZETTE's suggestion that a Chronicle, San Francisco Stock Ex-State, Reno Journal, Reno Record, Austin Reveille, Eureka Leader and Elko Independent.

We cannot, of course, pretend to district the assertions of the lower garrison Saturday. It was reported some days ago that he had deserted, but no one this side of the river had seen him. The Leader is good enough intense excitement at the post as did the announcement of the death of Mrs. Noonan, but there was a sigh of relies on the corporate lips of the 7th Caval-ry when its members heard that Noon-an by his own hand had relieved the regiment of the odium which the

San Jose, Dec. 21.—John Kelly was shot last night at Guadaloupe by Matias Espanoza. An eye witness says the deed was unprovoked. The ball entered Kelly's left eye, ranging back and upward into the brain. Kelly is still alive but the attending physician says he cannot live. Now the Garagers proposes that on Washington's ZETTE proposes that on Washington's birthday polls be opened throughout California, Oregon and Nevsda, and that the voters record their position on the subject of Chinese immigration take held of the matter and perfect the arrangements for voting, let the scheme be thoroughly advertised, so that the people will understand it, and we feel confident that on the day appointed the sovereigns would rush to the polls with great unanimity and record themselves against the further influx of the Mongolian element. A wealthy rancher of Surprise valley, whose name it is not necessary to mention, although his conduct deserves the fullest publicity, came into the GAZETTE office this morning and shouted out in his hearty way that he was in to buy a few things for Christmas presents and asked the editor's advice as what he should do under the jolly circumstances. With a wholly disinterested smile the editor suggested that the GAZETTE for a whole year would be a neat little gift to any friend the East.

"Send her along!" cried the rancher pulling out a great handful of money and tossing a \$10 piece upon the table. Then he scrawled the name and address of a Michigander, and bolted down the stairs, and into the grocery, mas display of meat. He left a good and a suit of clothes and some gororder and on emerging fell foul of J. I. McFarlin, and naturally thought a new buggy would be a nice thing to send home and instantly ordered one. "The old lady and the girls is all for ridin' " he explained. On shaking hands with Mr. McFarlin the agricultural Santa Claus cried out:
